

HAPPY NEW YEAR from the INTERNATIONAL MINERS MISSION

Happiest New Years from the IMM USA Staff! Cherry and Stuart are privileged to have served in this most critical gospel ministry since 1992. We have seen God do so very much through those years since we established the work in the US and also in Latin America WITH YOUR HELP. As we wrap up another year of service for our King, we wanted to pause and say thank you all for your faithful prayers and support throughout those years. Without you we would not have been able to establish this work and grow it for the glory of God!

Cherry and Stuart Burns

The Lord has allowed us to locate and support many indigenous workers in several countries and in many fields. Cherry and Stuart remain active in prayer for them, coordination of logistics, support and encouragement as they labor in extremely difficult regions around the world.

Introducing
Miners
to the
Master

Even with all the uncertainty around the globe, BECAUSE OF YOU we have been able to add another gospel preaching worker in a critical region of Bolivia. In 2025 we were pleased to add Dionisio Martinez in the city of Huanuni, the largest Tin mining town in Bolivia!

"Where there is no revelation, the people cast off restraint." Proverbs 29:18

We are still burdened for the Lord to do a work within more mining communities in Latin America, South Africa and also in the USA....the fields remain white with harvest!

As this year comes to a close, we ask you to please consider a special gift for IMM USA. Every one of our missionary teams could use additional funding in 2026.

Stuart and Cherry could also benefit from an increase in their support or a one-time gift to help them as they too serve the Lord. We simply ask you to pray for the specific needs and open doors for the Gospel. Thank you for anything you choose to do for the work of the Lord through IMM.

IMM Bolivia, Peru & USA Workers in Bolivia

"Faith comes by hearing and hearing by the word of God."
